ABOUT US

For more than 30 years, Camp Sno-Mo has offered a safe and accessible residential camping experience for campers with disabilities. The New Hampshire Snowmobile Association helps sponsor camp, which is operated in collaboration with Scouting America New Hampshire to create life-changing experiences for campers.

Camp Sno-Mo offers two dedicated overnight sessions for adults ages 22 and older, featuring a more relaxed daily schedule designed to encourage independence and self-direction. Because Scouting America New Hampshire programs are not in operation during these sessions, the camp environment is notably quieter and calmer.

Campers participate in a mix of small- and large-group activities, with three to four options offered at the same time to promote choice and autonomy. Campers are responsible for practicing adult daily living skills to build independence, with counselor support when needed. Limited one-to-one camper spaces are available for these sessions.
